The Arizona Department of Transportation seeks to repeal these rules, since statute requires the subject matter be handled through traffic control devices. This rulemaking arises from proposed agency action in the Five-Year Review report approved by the Governor's Regulatory Review Council on May 2, 2000 (F-00-0402).

This rulemaking supercedes a previous docket opening on this subject matter made on March 16, 2001. The former docket opening stated the Department would repeal the above-listed rules and create a new section. The Department has decided not to create a new section at this time.
